MBE PARTICIPATION

Funds provided by the US Department of Housing and Urban Development (HUD) are a part of this project. Minority Business Enterprise (MBE) participation is required by HUD. St. Clair County has determined MBE participation at fifteen percent (15%) of the awarded funds.

- Bidders acknowledge their review and acceptance of the MBE Participation Contractor's Agreement with their completion and signature of the agreement, and inclusion with bid documents.

- Bidders and MBE firms further acknowledge MBE participation by submitting the original, completed, and signed MBE Contractor Certification form. Information contained in the form reflects the project name, location, type of work to be performed by the MBE, and the approximate dollar amount of the subcontract. The MBE, unless a supplier, must also complete Subcontractor forms.
